**WELCOME TO DAY 4 OF OUR 45th  
DAYTONA OUTREACH**

**Dr. Ron Reilly**  
AFC National Ministries

I remind you that, "This is the day that the Lord hath made. We will rejoice and be glad in it." Yesterday is behind us. We will not get to use it again. Today is the last day we have for the 2012 Daytona Soulwinning Missions Outreach. Believe us it is a marathon like we have never faced before.

Remember, we told you after yesterday being a hard day for us that Saturday would be a very hard day. That you would be tired, have sunburn, tired feet or legs, discouraged, or feel you are being rejected. We reminded you that we could face difficulties.

Abraham made this statement about our God in Genesis 18:25 "...Shall not the Judge of all the earth do right." Our God, the God of all the earth did right yesterday in the results He gave us. God never, never, never, makes a mistake.

God was watching all of us. He was testing our faithfulness, our determination, our willingness to do all we could yesterday. We are proud of our whole team for being faithful yesterday. Remember God rewards us for going and telling the good news of the gospel, not for the number of souls saved.

The Bible makes it clear that, "No man can come unto me, except the Father which hath sent me draw him: and I will raise him up at the last day."

God gave our soul winners 372 souls today. Thank you Lord!!!

Let me challenge our entire team as we face this last day of our 2012 Daytona Soulwinning Missions Outreach that we remain faithful, accept the day as the day that the Lord has made for us. We will never get to share this day together again. It is a shorter day as some have great distances to travel home. In our hearts we must all thank God for the day He chooses to give us today. We must not slack off in doing our part, our very best for him.

Let us meet all the enemies we will face today head on in the power and might of the Spirit of God. We can and we will rejoice to see the victory God has chosen to give us when the day is over.

Even though you must combat the enemy on every front today we would remind you that greater is He that is in you than he that is in the world.

Let us press toward the victory God will give us today as we wrap up our 45th Daytona in 2012!!!

# *Testimonies*

**Katie Siegler** - These have been incredible days watching how God has worked in my heart and life and the hearts and lives of the other young people with us. I have been blessed so much by being a part of such a wonderful ministry. For the first time in my life I was able to share the Gospel of Christ with other teens and adults. The joy that was evident on the faces of two people in particular was life changing after they were lead to Christ. A young mother of three, was walking in the surf when I approached her. She was searching for answers and happiness. God used me to lead her to Christ. She thanked me over and over saying she was so glad we were ministering to people like her who needed hope. The next person was when I almost passed a mother and her young daughter. The Lord prompted me to go back and tell her how she could know she was going to Heaven. When I asked her if she knew she was going to Heaven, with tears gathering in her eyes, she said, "Tell me please." After I explained the plan of salvation with them listening attentively I asked if they would like to accept Christ. Both of them responded eagerly and were so happy. As I left, I heard the mother talking to her daughter about God and saw her use her Iphone to begin reading a Bible App. I was blessed that God would use me to witness to people who need Him. I am very thankful for AFC and the opportunity to be used of God in such a mighty way.

**Candace Aman** - Today, when I was walking on the beach God lead me to stop and pray. When I finished praying I looked up and God lead me to a lost soul that was in the water. When I went and started talking to her and explained the plan of salvation she accepted Christ. I thank God for using me to lead nine souls to Christ today.

**Lindsey Martin** - After I was finished talking to a group of six teens who were not interested, there was a guy sitting over to my right. I struggled within about whether I should go over and talk to him. To my surprise he walked over to me and asked what I was talking to the teens about. I told him and asked him if he knew he was going to

Heaven when he died. He started to cry, and said, "No." He said he believed in God but had never asked him into his heart. When I was getting up to leave he told me he had attempted suicide three times. He had told me he asked God to send someone and said I was sent for him. It touched my heart in an unbelievable way; I thank God for this divine appointment.

**Erica Annunziata** - The person that I witnessed to this week that stood out most to me was a lady. She was sitting on the beach breast feeding her baby. I walked up to her and lead her through the whole plan of salvation and she accepted Christ as her Saviour. I told her that I believed with all my heart that God lead me to her. She started crying because she was so happy. She kept thanking me over and over again. It was an amazing experience for me. God also used me to lead a Muslim to Christ today. What an amazing privilege that was.

**Camille Folden** - What an exciting and rewarding trip this has been so far. I know God has a lot more in store for us. I am so glad God allowed me to come on this particular mission trip so that I could learn the importance of reliance on God and determination to do what is right. Praise be to God for all the wonderful seed that has been sown by everyone with AFC Ministries this week.

**David Gantt** - This has been the most valuable experience I have ever had. I am 67 years old and have been a law officer for 37 years. Nothing else even comes close. Winning one person for our Lord was without comparison. This is the most wonderful experience I believe possible other than when I accepted the Lord as my personal Lord and Saviour.

**Ben O'Dell** - I want to thank God for the strength to get through the day and helping me to pass my personal goal of leading seven or eight people to Christ today. God instead used me to lead 11 people to Christ today. Praise the Lord!
