## Unique Personal Evangelism Daytona Outreach Since 1968

Editor: Dr. Earle E. Lee

### WE HAVE TO CELEBRATE AND REJOICE!

#### 44th Annual Daytona Beach, Florida Outreach Missions Trip Victory!

Spring break at Daytona Beach, Florida was amazing. Every day the weather was perfect - low to mid 80's.

Twenty-one churches from 9 States shared our vision to reach the lost people of all ages who were on those beaches from literally, the entire world. I know of no other place in the world where there is such a diverse group of people from the entire world gathered in one place.

On Wednesday, the 16th of March, the young people and adult chaperones (team captains) joined together for instructions from Dr. Ron Reilly in how to engage total strangers on the beach in conversation, and then show them from God's Word how they could know Jesus Christ as their personal Savior, repent of their sins, and invite Him into their hearts. We were able to give them the assurance of their salvation through God's Word.

We get the name and address of each person who trusts Christ as Savior and follow up with them.

One thrilling side note - Thirty years ago Dr. Earle Lee, as the President of Landmark Baptist College would bring his college students and join us on this witnessing venture. There was a student from the Bahamas, his name is Dwaine Johnson. He came all 4 years while he was a student and won souls to Christ. He was impressed by the Holy Spirit to start a church in the inner city area of Daytona Beach. He went there as a single man, no place to

live, no personal friends, and started Berean Baptist Church. After a few years he married Gaynelle and today has two sons and one daughter. Today, they have a nice building and have reached many in that area of Daytona Beach. On Wednesday evening, we took our group and held the service at Berean. We sang, Dr. Reilly preached and the young people yielded themselves to the Lord to be a vessel unto the Lord that could be used to give the Gospel message.

We are so delighted on the way the Lord is using this outreach in the lives of the young people who yield to the Lord to take part in this tremendous field and enjoy the harvest. Thirteen young people on this trip won their first soul to Christ. Many of these teens are from public schools, as well as Christian schools!

I want to thank all the young people and adult chaperone that were used by God's power to win 531 people to a saving knowledge of Christ. "But thanks be to God, which giveth us the victory through our Lord Jesus Christ" I Corinthians 15:57. In the 44 years of taking these Mission Trips to reach the Youth of America (and around the world) at Daytona Beach, Florida, the Lord has given us 101,767 saved! To God be the glory! **I am praying that you will join us next year for our 45th DAYTONA BEACH OUTREACH MISSIONS TRIP on March 21-24, 2012.**

# Testimony

Mrs. Liz Flint

## Faith Bible Baptist Church, Unionville, VA

God has blessed my husband and me with nine children. As Christian parents we have been careful with who we've allowed to watch them when we were not there, what they could watch or listen to, and where they could go.

I don't remember the exact year, maybe 1997 or 1998, our daughter, Jessica, wanted to go to Daytona Beach with the AFC Ministries. At that same time, an older couple, David and Janet Jacobs had been thinking about chaperoning at the AFC Daytona Outreach. This was the year they were going to do it. Our Jessica asked David and Janet Jacobs if they could take her. They readily agreed.

This was a life changing experience for Jessica. One of her testimonies was of someone charging up to her in an excited state. Due to some of some of her previous negative encounters with people on the beach Jessica was leery of this person. This young lady excitedly asked Jessica if she was with AFC Ministries and she said yes. The young lady said the whole purpose of her trip this year was to tell someone at AFC about her decision for Christ. Last year she had been partying at the beach, and time after time, these young people kept "bothering" her telling her about how she could be saved and spend eternity in heaven. She did not want to hear it and said she was quite embarrassed now to admit how rude and foul mouthed she had been to the AFC young people. After she left Daytona Beach, she kept thinking more about all that she had heard. Under conviction she found a pastor and asked him more about how to be saved and all the questions she had. The pastor had the privilege of leading her to Christ because of the seeds planted by several AFC young people out on the beach the previous year. We never know when we plant seeds of the Gospel whether some of those seeds will take root later as evidence by this living proof testimony.

Not only was Jessica blessed by being used by God for leading others on the beach to Christ that first year but every single year since several of our children have come to the AFC Daytona Outreach to make themselves available to be used by God. Yes, it is very good that they have been able to lead people to Christ. However, there is a far more important aspect that my husband and I have seen in our children. The changes in their lives and the blessing they themselves have received from being available to be used of God. In our church, the Sunday after they return from AFC Daytona Outreach our children give their testimonies to the church body. I enjoy all they have to say because I can "see between the lines" on how sharing Christ has impacted them. To date, 8 of our 9 children have been to Daytona Beach sharing the Gospel. One child is working towards his goal of being a missionary pilot, one child spent the summer in Romania working alongside a missionary family, and one child is currently at New Tribes School with the goal of being a missionary to possibly Asia. Ambassadors for Christ Daytona Outreach ministry was and is a very good step for our children to see the work involved in bringing the Gospel to others. One of our children said it so well when he stated that he finally realized a missionary was just an ordinary person allowing himself to be used by God.

This year, 2011, I had the privilege of going to the AFC Daytona Outreach and experience it firsthand.

If you as a parent or a Pastor of a church have any doubts about sending young people to Daytona Beach soulwinning let me assure you that they are chaperoned very well. In addition, they are challenged Biblically to give of their best to the Master to tell the gospel message to every person God brings across their path. They see God answer prayer many times each day. I would encourage you to send your young people to the AFC Daytona Outreach. I know from experience it will be a life changing experience for them.
